OFFER NOTES:

1. Evaluation will be made on the total price proposal for the base year and four one-year options.
2. Price realism analysis will be performed.
3. CCPRC may reject an offer as nonresponsive if it is materially unbalanced as to the price. An offer is unbalanced when it is based on prices significantly less than prices for some work, and prices which are significantly overstated for other work.
4. All allowances, fees, taxes, contractors, sub-contractors' fees and prices are included in this total Proposal.
5. CCPRC will evaluate offers for award purposes by adding the total price for the base year and three one-year options. Evaluation of options will not obligate CCPRC to exercise the option(s).

At a minimum, invoices shall contain the identity of the provider of the services, the date of the services, a description of the services, item #s and quantities.
