#### **ARTICLE 4** CHANGES IN THE CONTRACT

4.1 Changes Requested by Owner. Owner may unilaterally, at any time, on written order, without notice to the surety, and without invalidating the Contract, make changes in the work herein contracted for. Owner shall notify the Contractor that it is considering such a change and Contractor shall provide Owner with a proposed price and scheduling proposal for all costs and impacts arising from the changed work in writing within seven (7) calendar days of Owner's written notice. Thereafter, if the parties are in agreement, Owner and Contractor shall execute a written change order which modifies this Agreement. In the absence of such an agreement, the parties shall proceed pursuant to Article 4.3. The agreed amount of payment and adjustment in Contract schedule, if any, in a written executed change order constitutes a full, complete, and final payment for all work arising from the change order. Contractor, in executing any such change order, waives any entitlement to additional compensation or extensions of time arising from the change.

4.2 Changes Requested by Contractor. Should Contractor find it necessary to request any changes in the scope of work or any time extensions during the course of construction, Contractor shall submit a written request which includes a pricing and a scheduling proposal to the Owner within seven (7) days of the event giving rise to the change request. If Owner is in agreement, Owner shall issue a written change order or may request additional information within seven (7) days of receipt of Contractor's request. All pricing and scheduling proposals are subject to independent verification and audit. Contractor agrees to make all records relating to any pricing or scheduling proposal available for Owner's inspection. Absent written approval of the Owner, through the execution of a written change order, or issuance of a change directive, the Contractor shall not proceed with performing such additional work (unless Owner determines that such work is in the original scope of this contract). Contractor acknowledges that Owner's execution of a written change order or change directive under Article 4.3 is a condition precedent to any payment for work included in the Change Order or any adjustment in the Contractor's schedule. Contractor hereby waives any entitlement to additional compensation or extensions of time to the extent that Contractor performs any additional work without written approval of Owner.

4.3 Construction Change Directive. To the extent that Owner desires to make changes pursuant to Article 4.1 or 4.2, above, and the parties are unable to execute a written change order as a consequence of disagreements as to the cost adjustment or scheduling impact of such changes, Owner may unilaterally direct the Contractor, in writing, to perform work through a written construction change directive. Contractor shall promptly perform such work in accordance with the change directive. In such instance Owner shall pay the Contractor any undisputed sums upon completion of the work. In such cases, Contractor may assert claim for additional payment pursuant to Article 11, hereunder.

4.4 Limits on Contract Adjustments: The following limitations shall apply to any change orders issued pursuant to Articles 4.1 and 4.2, or any construction change directives under Article 4.3. Owner's total liability for any changes under Article 4 shall not exceed the cumulative total of the

following costs which are incurred in connection with the performance of a change order or change directive:

- (a) The Contractor's direct labor, costs and labor burden associated with performance of the work,
- (b) The direct costs of any subcontractor,
- (c) The direct costs of any materials, including applicable sales taxes,
- (d) Rental costs of any rental equipment,
- (e) Ownership costs of any owned equipment, and
- (f) Field and general overhead, direct profit, and profit above subcontractor cost shall be considered as an aggregate total and shall not exceed 15 % of the change order cost.

4.5.1 Owner's Right to Audit: The Contractor shall keep full and accurate records of all costs incurred and items billed in connection with the performance of the Work, which records shall be open to audit by Owner or its authorized representatives during the performance of the Work and until three (3) years after Final Payment. In addition, the Contractor shall make it a condition of all Subcontractors relating to the Work that any and all Subcontractors will keep accurate records of costs incurred and items billed in connection with their work and that such records shall be open to audit by Owner or its authorized representatives during the performance of the Work and until two (2) years after its completion.

4.6 Contractor recognizes and acknowledges that from time to time on construction projects of this magnitude, some delay is inevitable and contractor's price takes into account such periodic, sporadic and relatively brief delays. The Owner shall not be liable to the Contractor for the occurrence of any reasonable delay (any delay of seven calendar days or less for each occurrence is deemed reasonable) to the Contractor's work by the act, neglect, or default of the Owner, or on account of any circumstances caused or contributed to by the Contractor. Contractor shall be entitled to a time extension for any period of delay caused by Owner. To the extent Contractor believes any act or failure to act of the Owner gives rise to an unreasonable delay, Contractor shall notify Owner in writing within seven (7) days of the circumstances given rise to the delay. Contractor's failure to notify Owner of such delay in writing, constitutes a waiver of any entitlement to additional compensation or extension of time for any costs or extensions of time incurred prior to such written notice. Contractor hereby waives any claim or entitlement to lost profit, consequential damages, extended home office overhead or unabsorbed or under-absorbed home office overhead for such reasonable periods of delay or such unreasonable periods of delay attributed to Contractor's failure to provide timely notice to Owner.

## ARTICLE 5 TIME

5.1 The Contractor shall be required to (a) commence work under this contract within 10 calendar days after the date the Contractor receives the notice to proceed, and (b) execute the work diligently. The work to be performed by the Contractor under this Contract shall be substantially completion within 15 days of final completion by **February 15, 2020** or sooner.

5.2 Substantial Completion; Substantial completion of the Work, or designated portion thereof, is when the construction is sufficiently complete, in accordance with the Contract Documents, so that Owner or separate contractors can occupy and utilize the Work for the use for which it is

intended with all of the installations, parts and systems required by the Work hereunder operable and in accordance with the Contract Documents and where all such Work is complete, accessible, operable and usable by Owner for its full and unimpeded intended usage. Only minor or incidental corrective work under punch list items and final cleaning (if required) beyond cleaning needed for Owner's full use may remain for Final Completion.

5.2.1 Upon Substantial Completion, the Owner shall review any list submitted to him by listing outstanding "punch list" items. Owner shall prepare his own punch list with appropriate values for each item.

5.3 The Contractor is required to submit a Construction Schedule covering commencement of construction through completion of the work on this project. The Contractor is required to submit and periodically update the Construction Schedule on a monthly basis or, if specifically requested by the Owner every two weeks. The Contractor agrees to furnish any and all information requested by the Owner for these periodic updates. Further, the Contractor agrees to perform his work in accordance with the various completion dates and milestones in the Construction Schedule.

5.4 The Contractor is expressly obligated to coordinate and schedule its work and the work of its subcontractors in cooperation with the Construction Schedule.

5.5 The Construction Schedule will indicate the dates for starting and completion of the various stages of construction (hereinafter referred to as Interim Completion Dates). The Interim Completion Dates set forth in the Construction Schedule shall not be revised without notice to the Owner. In the event an Interim Completion Date is not met by the Contractor, the Contractor will submit a written corrective action plan for approval by the Owner which plan will set forth the method by which the next Interim Completion Date will be met. Owner assumes no responsibility for the accuracy or completeness of Contractor's schedule and scheduling adjustments.

5.6 Within seven (7) days after the date of this Agreement, and every two (2) weeks thereafter, or more often, if required by the Owner, through the date of Substantial Completion of the Project, the Owner will, at the site of the Project, hold Progress Meetings which shall be attended by the Contractor's Superintendent at which the progress of the Work will be reviewed and discussed. The Owner shall preside over these meetings and shall prepare written minutes of the meetings for the Owner and Contractor. In the event it appears at any such meeting that the Contractor will not meet any Interim Completion Date set forth in the Construction Schedule, the Contractor expressly agrees that it will use its best efforts, including the employment of additional personnel, to see that the Interim Completion Date is met at no additional cost to Owner.

5.7 The Contractor will cooperate with the Owner and other contractors whose work might interfere with the Contractor's work and will participate in the preparation of coordinated drawings in areas of congestion, specifically noting and advising the Owner of any such interference. Further, the Contractor will cooperate with the Owner in scheduling his work so as to not conflict or interfere with the work of others. Additionally, the Contractor shall take all necessary precautions to properly protect the finished work of other trades, the Owner's property, including all protected trees, wildlife, and natural habitat and property of other contractors or park visitors.

5.8 No extension of time of the work to be performed under this Contract will be recognized without the written confirmation and approval of the Owner, according to the following procedures:

5.8.1 The Contract time shall be adjusted only for Changes in the Work, Suspension of Work, and excusable delays. In the event the Contractor requests an extension of the Contract Time, he shall furnish such justification and supporting evidence as the Owner may deem necessary for the determination as to whether the Contractor is entitled to an extension of the time under the provisions of the Contract. The Owner, after receipt of such justification and supporting evidence, shall make his findings of fact and decision thereon and shall advise the Contractor in writing thereof. If the Owner finds that the Contractor is entitled to any extension of the Contract Time, the Owner's determination as to the total number of days of extension shall be based upon the currently approved Project Schedule and on the data relevant to the extension as described in the Contract Documents. Such data will be included in the next periodic updating of the Schedule. The Contractor acknowledges and agrees that actual delays (due to changes, suspension of Work or excusable delays) in activities which, according to the schedule, do not affect the Contract Time will not be the basis for a change therein.

5.8.2 Subject to other provisions of the Contract Documents, the Contractor may be entitled to an extension of the Contract Time (but not increase in the Contract Price) for delays arising from unforeseeable causes beyond the control and without the fault or negligence of the Contractor or its Subcontractors as follows:

1. Labor strikes including strikes affecting transportation that do, in fact, directly and critically affect the progress of the Work; however, an extension of Contract Time on account of an individual labor strike shall not exceed the number calendar days of said strike;
2. Acts of God, tornado, fire, hurricane, blizzard, earthquake, typhoon, or flood that damage completed Work or stored materials;
3. Action of the public enemy, acts of the state, federal, or local government in its sovereign capacity, and acts of another separate contractor or subcontractor in the performance of a Contract with Owner relating to the Project.
4. Rain days as outlined below.

5.8.3 Rain Day: For rain delays, the Contractor shall be entitled to a one day extension of time for each day in any given month that the actual rain days measured at the Charleston International Airport exceed the NOAA average monthly rainfall for the month in Charleston, South Carolina. In order to qualify as a rain day, there must be at least one-hundredth of an inch precipitation on the date in question. The average number of days in each month receiving one-hundredth of an inch or more of rain in Charleston, South Carolina, according to NOAA are as follows:

<u>Month</u>	<u>Days</u>	<u>Month</u>	<u>Days</u>

June	17	December	10

The rain gauge at the Charleston International Airport shall be used as the

determinate for daily rain measurement. The Contractor shall submit any request for rain days by the tenth day of the following month. Rain and weather delay extensions of time are non-compensable delays and the Contractor shall be entitled to no additional compensation as consequence of rain and weather related extensions hereunder.

5.8.4 Contractor shall notify Owner in writing within seven (7) days of the first instance of any delay, disruption, interference or hindrance for which Contractor contends it is entitled to an adjustment in Contract time. The failure of the Contractor to notify the Owner within time limits prescribed herein shall be deemed a material prejudice to the interests of Owner and shall constitute an absolute waiver of the claim and the right to file thereafter prosecute the same.

5.9 Failure to complete the work on time; It is mutually agreed by and between the Parties hereto that time shall be an essential part of this Contract and that in case of the failure on the part of the Contractor to complete his Contract within the time specified and agreed upon, Owner will be damaged thereby; and the amount of said damages inclusive of expenses for inspection, superintendence and necessary traveling expenses being difficult, if not impossible, of definite ascertainment and proof, it is hereby agreed that the amount of such damages shall be the appropriate sum set forth in the Schedule of Liquidated Damages as liquidated damages for every calendar day's delay in finishing the Work in excess of the number of calendar days prescribed; and the Contractor hereby agrees that said sum shall be deducted from moneys due the Contractor under the Contract or, if no money is due the Contractor, the Contractor hereby agrees to pay Owner as liquidated damages, and not by any way of penalty, such total sum as shall be due for such delay, computed aforesaid.

5.10 If the Contractor shall neglect, fail, or refuse to complete the work within the time specified herein, or any proper extension thereof granted, then the Contractor does hereby agree, as part of the consideration for the awarding of this Contract, to pay to the Owner:

(a) the sum of Two Hundred Fifty Dollars \$250.00 per day, not as a penalty, but as liquidated damages to the Owner for each and every calendar day that the Contractor's performance extends beyond the time for Substantial Completion in the Contract for substantially completing the work, as extended by any proper change order.

7.5 The above referenced 100% performance and payment bonds in form and with surety acceptable to Owner are a condition precedent to this Contract.

**ARTICLE 8**  
**INDEMNITY**

8.1 If in the execution or performance of this Contract, the Contractor shall have failed to perform the work in accordance with the terms, conditions, provisions, or covenants of this Contract or shall have violated any laws, rules, orders, regulations or ordinances applicable to the work hereunder, then the Contractor shall indemnify and save the Owner harmless from all damages, penalties or expenses (including attorneys' fees) paid by the Owner or imposed upon the Owner as a result of any such failures or violations committed by the Contractor in the execution of performance of the work hereunder.

The Contractor specifically agrees to defend any and all suits, which may be brought against the Owner on account of any such injury, death or damage. The obligation of the Contractor's indemnifying and holding the Owner harmless shall not be enforceable if and only if it can be determined by judicial proceedings that the injury, death or damage complaint was attributable solely to the fault or negligence of the Owner or his officers, agents, or employees and not in any manner or in any part attributable to the Contractor. The Contractor agrees to reimburse the Owner for all sums which the Owner may pay or be compelled to pay in settlement of any claim hereunder, including any claims under the provisions of any Workmen's Compensation law or any plan for employee's benefits which the Owner may adopt.
